

Key Performance Indicators (KPIs)

Once an organisation has identified its mission, its stakeholders, and defined its goals, there needs to be a way to measure progress toward those goals. Key Performance Indicators are those measurements...

Who is it for?

This programme is for anyone needing to be able to examine and use financial data to assess the credit risk on lending propositions. The course content can be tailored to suit the attendees from introductory to assessing more complex situations.

Benefits

From attending this course people will be able to:-

- Develop a practical understanding of KPI methods and application
- Introduce a KPI system
- Identify appropriate KPIs for your organisation

Content

Tailored to your business and industry the specific KPIs investigated could focus on areas such as:-

- Employee Productivity
- Stock / Inventory Turnover
- Equipment Effectiveness / Return on Assets
- Profit per Employee
- Floor Space Utilisation
- Debtor / Accounts Receivable Turnover

This list is not exhaustive so please talk to us if you don't see what you are looking for

Why X Learning?

So much finance training can be dull and boring. We make this subject lively, fun, interesting and above all relevant by:

- Drawing learning from day to day events within the business
- Allowing participants to directly reflect on the organisation and the job they do
- Incorporating high levels of interactivity, for example:
 - Running light hearted but focussed business games
 - Using live company data where possible
 - Providing realistic case studies
- Cutting out the jargon and keeping things simple
- Encouraging group work
- Catering for different learning styles and providing multi sensory input

Programme length options; full day or 2 days depending upon your requirements
